

Ordering Portal

benarx-ecommerce.com

The easy way to order standard prefabricated insulation, cladding and accessories online.

Standardization

With minimal affect on dimensional variants, we have been able to standardize many of our prefabricated solutions, making it easier and quicker to select and configure the products.

Online

Go to Benarx.com and become familiar with all our products. From this location you can enter the Ordering Portal and easily select and configure your needs for standard prefabricated insulation and cladding.

Digital Processing

Through the Ordering Portal and by visualization of the products, digitally select and configure products to create RFQ's, get offers and make orders. Register your projects and keep track of all your RFQ's and orders. Automated status updates.
